

REMARKS-general

Claims 1 and 10 have been amended. The amendments to the claims 1 and 10, as presented herein, are not made for the purpose of patentability within the meaning of 35 U.S.C. §§§§ 101, 102 or 103. Applicant reserves the right to reintroduce identical claims or similar subject matter in future prosecution. Support for the amendment can be found in the present application. Accordingly, no question of new matter should arise, and entry of this amendment is respectfully requested.

Claims 1-10 are pending.

Claim Rejections under 35 USC 112.

In page of the Office action, Claims 1 and 10 stand rejected by the Examiner under 35 USC 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2-9 stands rejected for being dependent on rejected claims.

For the purpose of expediting prosecution and without any admission, Applicant has amended claims 1 and 10. By the above amendment, Applicant has rewritten claims 1 and 10 to define the invention more particularly and distinctly so as to overcome the technical rejections and define the invention patentably.

CONCLUSION

In conclusion, applicant has presented arguments relating to the ground of rejection set forth in the Office action of March 22, 2007. Applicant respectfully requests that the Examiner reconsiders these rejections and find all claims allowable. If a telephone conference would aid in the prosecution of this case in any way, the Examiner is invited to call the undersigned at 703-550-1968.
